Melissa Koss Photography a photographer for the rad + romantic

I am so excited that you are considering me to capture your special day! Here is a quick look on what you can expect from me in this investment guide! As you look through this guide you will see my process, investment information, reviews from past couples, and even ways to enhance your experience with me. One of my biggest missions throughout planning is to relieve stress and overwhelm from my couples! My approach to wedding planning is efficient yet laid back, organized, and stress free. I love to make sure that my future couples don't stress over more decisions!

Well fist off, HEY! I'm Melissa! I'm a Texas photographer serving couples all over the Dallas, Fort Worth, Wichita Falls, and beyond areas. If you are rad, romantic, and wildly in love then you are in the right place!

* Most days you can find me with my Aussie pups Link and Tetra (the nerd in me named them after videogame characters lol).

* I am slightly obsessed with all things true crime.
* When I'm working on editing your photos I am likely listening to a true crime podcast or listening to some feel good music by Emotional Oranges, Taylor Swift, or Post Malone.
*And! I will most likely show up to your wedding with a Red Bull in hand ready to party! (while keeping it professional of course!)

While you think you are **just** hiring your dream photographer for your wedding day..... you are also getting the best dress fluffer, boutonniere pinner, posing guru, awkward dad joke teller, coordinator, and new bff.

To me you are a friend first, and a client second. I am here to make sure your wedding is perfect, like I would my lifelong bestie, sister, brother, etc. *You get it.*

Like most of my couples, you likely have never planned a wedding before. After photographing 40 weddings I can pretty easily help pinpoint what you need to make your wedding day run smoothly!

I can't help but stress how important it is to hire your dream photographer. The one who will capture what's most important to you on your wedding day.

Melissa was the second vendor I booked after the venue because I was so excited about her photography style. I was in love with our engagement pictures and knew that I made the right choice. I was never nervous about wedding pictures and her turn around was so QUICK. After the wedding, we got sneak peeks that next day and ended up getting our full gallery two weeks after which is practically unheard of. She was a breeze to work with and made us feel so great behind the camera. I would also 10/10 recommend.

We are truly blown away by our photo gallery, thank you so much for photographing our special day. I can't imagine anyone else having been our photographer, you did such a wonderful job and I am so very grateful to have met you. You are so sweet and talented, and have a gift for capturing candid moments (which made our wedding pictures all the more special!)

Jessica + Tyler

Tyler and I decided to elope and neither of us were from the area, so we didn't know any photographers or the downtown area and found Melissa through hashtags! She took us to all the photo-perfect spots and helped guide us through poses and just made us look like naturals. Couldn't have chosen a better photographer! We will cherish these photos for the rest of our lives!

Melissa was so great with us, she made us feel so comfortable in front of the camera, and we were camera shy. She really captured us and our loved ones perfectly at our wedding. The coloring in the photos was perfect and really gave our photos that romantic look and feel. She is amazing, and we will definitely be using her in the future for all our photo needs. I highly recommend her to anyone! She will make you look and feel beautiful in every photo and is the sweetest person I know.

Y'all. Melissa is IT! She did pictures for me and my at the time boyfriend (who surprised me with a proposal) he and Melissa pulled it off PERFECTLY! Melissa and I were on the same page during the whole shoot, she knew what I was going for and vice versa. We of course had to have her shoot our wedding and she did NOT let us down. She is prompt, bubbly, makes you feel comfortable and is up for any ideas you may have. We got some amazing sneak peeks the very next day. I'm dying to see the rest of our pictures! I can't wait to book more shoots with Melissa in the future, she is beyond talented!!

Melissa is not only BRILLIANT behind the camera and at editing, but an absolute sweetheart to have around. She has amazing communication and made both photo shoots a total breeze!(engagements and wedding day) She's able to make you and everyone else feel comfortable and confident in front of her lens.
